Principal activity	: Generation and Distribution of Electricity
Registered Office	: 601-602 Business Centre, Mumtaz Hassan Road, Karachi
Manufacturing Facility	: 33KM, Sheikhupura Road, Faisalabad, Punjab.

SITARA ENERGY LIMITED

REVIEW OF 2026

The prices of furnace oil and RLNG during financial year 2026 remained unviable.

Both the fuels are unviable since last few years and are likely to remain unviabe for the production and supply of electricity on these fuels in the foreseeable future as well. This factor has led to continuous reduction in operational capacity.

The company operated on solar power plant during current year.

SITARA ENERGY LIMITED

REVIEW OF 2026

The company is unable to compete electricity tariff offered by DISCO to Bulk Power Consumers (BPCs) who are preferring to purchase electricity from competitor DISCO.

Under the compelling circumstances, the company had to dispose of investment properties to repay its rescheduled credit facilities as per signed Settlement Agreements.

As a result of repayments, finance cost reduced to Rs 47.454 Mln during 2026 in comparison with last year Rs 53.923 Mln.

SITARA ENERGY LIMITED

SITARA ENERGY LIMITED

OPERATING RESULTS/HIGHLIGHTS

Year	Generation (kWh)	Generation (MW)
2022-23	33,104,400	3.78
2023-24	23,314,870	2.66
2024-25	5,202,509	0.59
2025-26	1,550,379	0.18

SITARA ENERGY LIMITED
FUTURE CHALLENGES/PROBLEMS

RFO and RLNG price are too high as well as unpredictable in the foreseeable future.

The management of the company is trying hard to find opportunities of load demand from its BPCs while under the prevailing circumstances, the possibilities are too bleak in view of un-competitiveness in tariff and financial constraints for new investment opportunities.

SITARA ENERGY LIMITED

FUTURE STRATEGY

The Company has added solar power plant in its generation facilities and will continue in future, subject to conducive government policies, regulatory frame work, competitive financing arrangements and timely requisite approvals from all concerned authorities.

In addition, the management is taking all the requisite measures to reduce all sorts of expenses leading to minimization of losses.
